Teacher Facilitated Learning (Synchronous) Live approx. 30 mins/day	Students meet in class for virtual instruction with a SFSD teacher. This is teacher-facilitated learning that is done virtually. These times will be recorded and posted in Canvas.
Applied Learning (Teacher Facilitated-Asynchronous)	Teachers may post learning opportunities including videos, reading, practice, and application connected to the synchronous learning sessions. This time is flexible for students to work independently and does not necessarily have to be done in this time frame.
Office Time	Each day teachers are available for additional office time so that students are able to check for understanding and receive additional support. Office time may be adjusted as we go. Office Hours are by appointment. Please make appointments to meet.

WIN: What I Need (Intervention Support)	This is a time specifically designed time in which students receive additional support or learning based on their specific needs. This is likely to happen in one on one or small group format. This time includes time for small groups, SpEd, ESL, 504, and other services.
Wellness Choice	This is time for students to take breaks in their day to care for their physical & mental health. This could include PE, nutrition breaks, physical breaks, or counselor time.
